

ANCHOR POINT BRACKET

Application:

Stable, high load-bearing support for pipe installations

Height-adjustable for precise alignment

Handles axial loads and thermal expansion

Suitable for HVAC and industrial systems

Part No.	For pipe outer Ø [mm]	Design Overall height [mm]	Adjustment range [mm]	Tightening torque [Nm] -M12
IC60150001	76.1 - 219.1	112-187	75	75
IC60150002	76.1 - 168.3	100-145	45	75
IC60150003	219.1 - 355.6	233-298	65	75
